

Main KSU-Go Home Screen

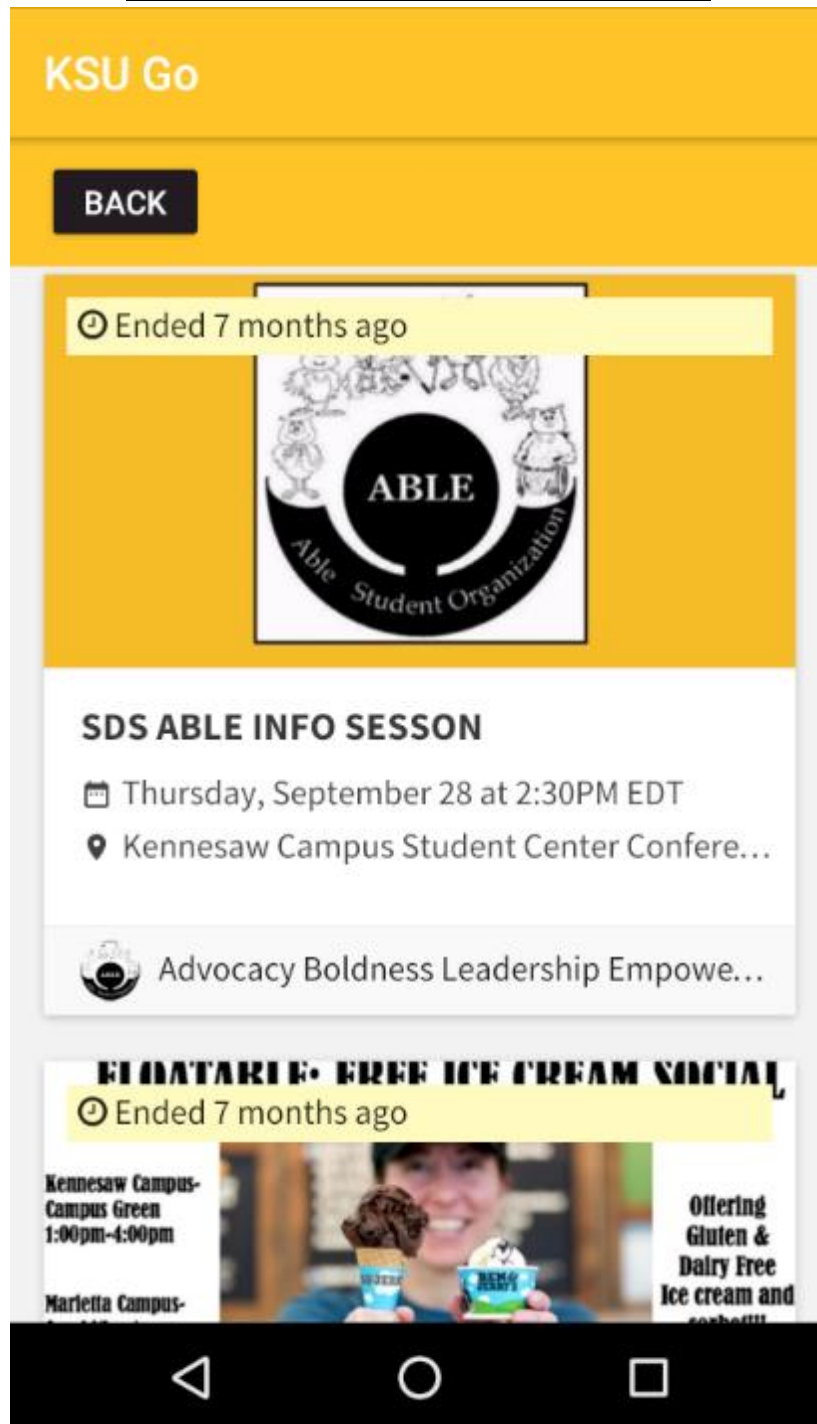

This is the main KSU-Go mobile application home screen for the 'Guest' user. I chose to place my honors component, "Students With Disabilities Services" under the Guest user tab so that everyone would have access to these services, without having to log in to the application.

Disability Services Home Screen

Once the "Disabilities" icon has been tapped, the user is brought to the home screen of the disabilities services feature. Here the user is presented with 4 options. ABLA, AMAC Accessibility, KSU Accommodate, and KSU Student Disability Services. Tapping on these respective buttons launches each feature. These features are showcased below.

ABLE Organization Events List

Clicking on the "ABLE" button launches the ABL Organization's events page. Here users can view all events, including past events, that the KSU ABL Student Organization hosts. This is a great way for students who are actively interested in finding out more information about students with disabilities to join the community that is local to Kennesaw State.

Accommodate System Access

The screenshot shows the KSU Go Accommodate system access page. At the top, there is a yellow banner with the text "KSU Go" and a black button labeled "BACK". Below the banner is the KSU logo and the "Accommodate" logo. A navigation bar contains links: Home, Accommodations, Request Meeting, Profile, Documents, Resources, Surveys, and Calendar. Below the navigation bar, a welcome message reads "Welcome, Richard Chase Godwin." and a "Log Out" button is visible. A green box contains a tip: "For appointment purposes, make sure to have 'Pending Actions' as part your homepage layout." The main content area is divided into three columns. The left column has a feedback icon and the text "Your feedback is welcome." The middle column is titled "NEWS FEED" and contains three announcements: "How to Request Your Faculty Notification Letters", "Academic Coaching Service", and "eCore Instructions to Request FNLs and Exams". The right column is titled "GETTING STARTED" and lists links: Account Created, Privacy Settings, Personal Profile, Academic Profile, Document, Resource Library, My Academic Summary, and Request an Advising Appointment. At the bottom, there is a footer with the text "Accessibility Services Management System" and "Privacy Policy | Terms of Use".

ANNOUNCEMENT
eCore Instructions to Request FNLs and Exams
Enrolled in eCore courses this semester? Please make sure to follow the steps below:
1. Log into OwlAccommodate and follow the steps to Request Faculty Notification Letters (FNLs)
2. Provide your eCore professor's email in the appropriate text box as you request FNLs
If you do not provide SDS with your eCore professor's email, the eCore professor will not receive a copy of your FNL. This means they will not be aware that you can access accommodations within the course

ANNOUNCEMENT
AMAC Textbook Order
Please go to surveys tab at the top right of the page to complete the alternate format textbook request form.

Accessibility Services Management System Privacy Policy | Terms of Use

Accommodate is KSU's system for registered students who have disabilities. This application allows for quick and easy access to this system where students can make testing appointments, order AMAC textbooks, and manage their accommodations. This particular feature does require authentication to a KSU student/faculty account.

AMAC allows for students with disabilities to order books in a variety of formats to better assist them with comprehending the material. This page shown here helps students quickly find information for particular books that they can then order through AMAC. Information that is shown are such items like ISBN, author, title, and more.

KSU Students With Disabilities Homepage

The main page of KSU's Student Disability Services allows for access to all information that is relevant to KSU students who are seeking enrollment, or are already enrolled in disability services. Information that can assist faculty and professors is also available on the Student Disability Services website. Pertinent documents for disabled students as well as guidelines for obtaining accommodations are easily accessible on the page.
